We surrender most of the paper
this week to the summing up of the
events, the premium awards, ball
games, races etc., at the 18th annual
Orleans County Fair held here last
week. The fair was nothing less than
a grand success.

Taft, in his speech at Columbus,
Ohio, recently, promises to carry out
the Roosevelt policy if the people will
give him the chance. No doubt Taft
will try if the people only elect him,
but no one can really take the place
of Roosevelt, and if the people can't
have Roosevelt we imagine the
Hughes policy would suit many. We
know Hughes has many staunch sup-
porters in this section of Vermont.

WHAT THE PAPERS SAY.

Various trade organizations are
asking the president to interfere to
settle the telegraph strike. It is a fine
tribute to the sincerity of the "square
deal." But is it not time that some-
thing else than a personal appeal
should be made? The president has
enough to do without using all his
time in settling labor quarrels. We
might get a tip from our Canadian
neighbors. In the Dominion no
strike can be called nor a lockout
preclaimed until ample notice has
been filed with the government de-
partment having to do with such
matters. There is a sort of national
board of conciliation, and not until
their offices have proved of no avail
can a labor war begin. There is a
crying need for such a board on this
side of the line. For a labor war as
well as a sanguinary one is an ex-
pensive thing for all concerned and more
expensive still to the waiting and ex-
asperated public.—Pencecook (N. H.)

LETTERS FROM THE PEOPLE.

Says It Wasn't So.

MR. EDITOR:
I noticed in a recent issue of your
paper an article signed Thomas Tighe,
which referred to myself in a detri-
mental way. The article said among
other things that I had some "lubri-
cant" down. I would please me
very much to have you correct that
article as I do not care to have that
libel carried to my acquaintances in
Vermont.

Respectfully yours,
G. B. MAURICE.

Waterville, Vt.

THE LADIES favor painting their
churches, and therefore we urge every
Minister to remember we give a liberal
quantity of the Longman & Martinez Paint
toward the painting.
Wears and covers like gold.
Don't pay \$1.50 a gallon for Linseed Oil
(worth 60 cents) when you do when you buy
other paints in a can with a paint label on it.
8 & 6 make 14, therefore when you want
fourteen gallons of paint, buy only eight of
L. & M. and mix six gallons pure Linseed
Oil with it, and thus get paint at less than
\$1.00 per gallon.
Many houses are well painted with four
gallons of L. & M. and three gallons of
Linseed Oil mixed therewith.
These Celebrated Paints are sold by H. C.
Pierce.

Attempt to Mob Newport Police Officer.

An attempt to mob Chief of Police
Hinton of Newport was made Fri-
day afternoon and but for the timely
interference of a prominent citizen
the plan would have been a success.
The trouble started over the arrest
of a man by the name of Barr of
Barton Landing, who was intoxicated.
Several stories are afloat but the most
persistent is that the man resisted
arrest and followed it by attempting to
strike the policeman with the fist.
In the mixup it was necessary to use
a club, which was very effective.
Barr got a very severe beating and
when put into a carriage which took
him to jail was a bad looking spec-
imen. His nose was severely bumped
and blood badly, which made him look
worse than he really was. Here is
where the people got excited who
were watching the arrest and, sup-
posing the man was nearly killed,
gathered together and waited for the
officer to return. When the officer
came down the street he walked into
the crowd and some shook their fists
in his face and others threatened to
give him a severe whipping. The
crowd gathered until there were
over 100 and the excitement ran to
the highest pitch when Town Clerk
H. S. Root appeared and ordered the
crowd to disperse and be quiet. This
had the desired effect and the noise
subsided. There is still loud talk on
the street but there seems to be no official
complaint against the officer. The
attending physician said that the man
was not badly hurt. The man was
brought into court Saturday and
pleaded guilty to intoxication and was
fined \$5 and costs, which he paid.
Barr stated to a member of the board
of trustees and to the town grand
juror that he had no fault to find with
the treatment received at the officer's
hands.

STATE NEWS.

Twenty Second Annual Meeting.

The twenty-second annual meeting
of the Third Vermont Re-union
society will be held at G. A. R. hall,
St. Johnsbury, at 9 o'clock a. m. on
Tuesday, September 17th. Business
meeting at 10:30 a. m. Address by
Rev. A. F. Walsh, a son of a veteran,
followed by a universal experience
meeting. Chamberlain Post men es-
pecially invited. The W. R. C. will
dine the regiment as always.

Killed in Fight for Girl.

Angelo Finelli, an Italian, is dead
with a stiletto wound in his breast
and two others are wounded as the
result of a fracas in Rutland Tuesday
which is said to have occurred because
Angelo Danti married the night pre-
vious Angelina Mondella of whom
Finelli was very fond. The story
goes that the woman ran away
with Finelli a few days before but
refused to marry him and later re-
turned to wed Danti. At least four
foreigners were concerned in the
fight, which occurred in the midst of
the Italian settlement. Danti is
under arrest with a bullet wound over
the eye and another Italian who has
a slash in the back is in custody.

New Lake.

The next map of Vermont will show
a new lake lying in the town of Mor-
ristown. The flood gates of the great
concrete dam at Cady's falls in the
Lamoille river will be closed in a few
days and a magnificent sheet of water
will well up between Hyde Park and
Morristown. Streets have been laid
out and summer resorts plotted on
the bluffs overlooking the site and
building operations have already be-
gun. A new road crossing a steel
bridge of 220 foot-span has been con-
structed. The Morrisville municipal
electric plant will become one of the
largest current producers in the state
with this great head of water and the
people are already looking for the ex-
tension of the electric road from
Stowe to Morrisville and a line to
connect Eden and Hyde Park with
that town.

Permanent School Fund.

The permanent school fund com-
missioners, Gov. Proctor, Lieut. Gov.
Proctor, State Treasurer Desvitt, J. A.
DeBoer and Z. M. Mansur of Newport
met in the executive chamber at the
state house Tuesday, looked over the
financial statement made by the
treasurer, talked over the law and
expressed satisfaction at the manner

in which it is working. The state-
ment shows that the fund now con-
tains \$1,120,218.25, of which amount
\$517,813.18 is still due from the towns
on account of the United States de-
posit money. As towns pay 5 per
cent, the commission is perfectly
willing to wait it remain there. The
rest is invested in first-class 3 1/2 and
4 per cent securities. The commis-
sion has invested \$100,000 since July 1
in Springfield, Mass., bonds and has
\$80,000 more to invest, \$50,000 of
which will be placed in New York
city bonds.

Big Meteor Falls.

The people of the vicinity of Mont-
pelier and Middlebury were awakened
about 3 o'clock Sunday morning, Aug.
18, by a brilliant flash of light and a
loud explosion. In the vicinity of
Middlebury it is said the houses were
shaken perceptibly and the people
were thoroughly frightened. A doc-
tor who was returning from a visit to
a patient says the explosion was pre-
ceded by a mysterious light. A Mont-
pelier milkman speaks as follows: "I
had just shut the barn door on my farm
and was about to go up in the pasture
for the cows when suddenly every-
thing about me lighted up as bright
as day. I looked in the southwesterly
direction and saw a shooting star
coming down in a slanting direction.
It seemed to pass from my sight back
of a forest and suddenly it burst like
a firecracker or skyrocket, throwing
the pieces in every direction. I
waited for about two minutes, it
seemed to me, before the report
reached me." Scientists are hunting
for the missile.

Mrs. Proctor in Drowning Accident.

The 150 excursionists who went to
Keeler's bay, South Hero, August 16,
on the annual outing of the Vermont
association of Boston, returned sad-
dened and downhearted because of
the sad termination of their trip.
George Couture, one of the members
of Sherman's band, Burlington, was
drowned and Mrs. Proctor, wife of
Gov. F. D. Proctor, was thrown into
the lake, rescued after a struggle and
revived only after hours of hard work
on the part of the physicians. The
water was so rough when the Chau-
teaugay reached Keeler's bay that the
boat was stopped some distance from
the shore and launches began taking
the passengers to the shore. Mrs.
Proctor was helped into a launch and
George Couture of Burlington jumped
into it. Just then, the engines on the
Chautaugay started, the canopy top
of the launch caught on the guard of
the steamer and this tipped the
launch partly over and the paddle
wheels created a big suction. The
launch was thrown into the paddle
wheel and Mr. Couture was not seen
again. It is thought he must have
been struck by the wheel and stunned
or killed. Mrs. Proctor was thrown into
about eight feet under water, but her
dress retained enough air so she
gradually rose to the surface. She
was taken at once on a special train
to her home in Proctor, where she re-
covered from the shock and suffered
no ill effects from the accident. A
good-sized purse was raised for the
benefit of Mr. Couture's family.

There is more Catarrh in this section of
the country than all other diseases put together
and until the last few years it was supposed to
be incurable. For a great many years doctors
pronounced it a local disease, and prescribed
local remedies, and by constantly failing to
cure with local treatment, pronounced it in-
curable. Science has proven Catarrh to be a
constitutional disease and therefore requires
constitutional treatment. Hall's Catarrh
Cure, manufactured by F. J. Cheney & Co.,
Toledo, Ohio, is the only constitutional cure
on the market. It is taken internally in
doses from 10 drops to a teaspoonful. It acts
directly on the blood and mucous surfaces of
the system. They offer one hundred dollars
for any case it fails to cure. Send for cir-
culars and testimonials.
Address, F. J. CHENEY & CO., Toledo, O.
Sold by druggists, price 75c.

Simplicity's Saving Grace.

"I like simplicity," said the states-
man. "Simplicity saves us a lot of
trouble too."
"Two men met in front of the Blank
hotel the other day and fell into a po-
litical argument. They were ordinary,
everyday sort of men, but one of them
had an extraordinary flow of poly-
syllabic language. He talked half an
hour, and his companion listened in a
daze.

"And now," the speaker pompously
concluded, "perhaps you will coincide
with me."
"The other's face brightened up."
"Why, yes. Thanks, old man," he
answered heartily, moving toward the
barroom door. "I don't care if I do."

Queer Smokes.

"Tobacco," said a tobaccoist, "is one
of many herbs that are smoked. In the
orient, for instance, blang or canna-
bis, a drug that gives one the desire to
caress people's feet, goes into loads of
pipes. Some savages smoke the leaves
of the wild potato and the wild tomato.
These bitter leaves are narcotic. They
throw you into a pleasant stupor. Pur-
sued in, though, they bring insanity.
Some of the Swiss guides smoke
"mountain tobacco," a weed that grows
only at great heights. This stuff pro-
duces an intoxication akin to alcohol's.
Our Indians, when hard up, smoke hol-
ly and sumac leaves and the silvery
leaves of "Indian tobacco," which every
boy has chewed."—New Orleans Times-
Democrat.

POINTED PARAGRAPHS.

As a matter of fact there are no very
big fish in small puddles.
You can usually find a pin almost
anywhere but in the pin cushion.

A fool is the greatest nuisance in this
world. And there are quite a few of
them.

It is beyond some men to understand
the difference between pomposity and
dignity.

We have always wondered what wo-
men do with the 2 cents saved in pur-
chasing a two dollar article for \$1.98.

Have you ever stopped to admire the
self control of the man who can pick
up a lead pencil without marking on
something?

Every man would have a pretty fair
reputation if people looked for his good
qualities as carefully as they look for
the good qualities of a dog.—Acheson
Globe.

At this season we should eat sparingly
and properly. We should also help the
stomach as much as possible by the use of
a little Kodol occasionally. Kodol for Indi-
gestion and Dyspepsia will rest the stomach
by actually digesting the food itself. Sold
by F. D. Pierce, Barton; F. J. Kinney,
Barton Landing.

Absentminded Gators.

An old colored man who is devoutly
religious returned to Brooklyn recent-
ly from a trip to Florida, his birth-
place, and told his employer about a
narrow escape he had had from an
alligator. Knowing of the religious
zeal of the darky, the employer sought
to test his faith.

"What were you afraid of an alliga-
tor?" he asked him. "Don't you
know that the Lord will take care of
you? Of course you know the story
of Jonah and the whale. The whale
swallowed Jonah, but Jonah came out
all safe enough."

The darky shook his head dubious-
ly. "Yes, boss, I knows about Jonah,"
he said, "but then, you see, a whale's
got a memory. An alligator ain't got
no memory. If a gatah swallows you
he won't think no mo' about you."—
